## WOMAN WEDS THIRTEEN TIMES THEN SHE DIES

**POLLY ANNE WED STRODES,  
KNOWN AS "MARRYING  
POLLY," DEAD AT 69**

Evansville, Ind., Sept. 11.—Mrs. Polly Anne Wed Strodes, known as "Marrying Polly," because she had been married thirteen times, died here today at the age of 69 years.

Last Saturday she was sued for \$10,000 damages by James "Handley" who alleged that he was shot last February by Harrison Strodes, the thirteenth husband of Mrs. Strodes, and that Mrs. Strodes urged her husband to assault him.

Physicians believe that the shock caused by the filing of the suit indirectly caused the aged woman's death. Last February Strodes was arrested on the charge of shooting Handley, and skipped his bond of \$500. This was paid by Mrs. Strodes, who then sued him for divorce.

Mrs. Strodes announced at the time she would marry again as soon as she was released from her thirteenth husband.

### TO THE PUBLIC.

"I feel that I owe the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy a word of gratitude," writes Mrs. T. N. Withersall, Gowanda, N. Y. "When I began taking this medicine I was in great pain and feeling terribly sick, due to an attack of summer complaint. After taking a dose of it I had not long to wait for relief as it benefited me almost immediately." Obtainable everywhere.

Messer was hunting with a 22 caliber rifle and while crawling through a wire fence the gun was discharged, the ball penetrating the skull just above the right eye. He was 18 years old and his parents live in Clinton.

### Cartridge Explodes, Injuring Boy.

Robert Lawrence, a 19-year-old Lawton boy, was seriously injured when a rifle cartridge with which he was tampering exploded, sending a piece of the metal into his throat. Physicians were unable to locate any particles in the flesh. However, they administered tetanus antitoxin to prevent possible attack of lockjaw. He will probably recover.

### Auto Strikes Two Girls.

In making a sudden turn Friday at Ardmore, Miss Annie Cardwell drove her automobile over two young ladies, Misses Maude Eggleston and Mattie Ragsdale, two telephone employees. The injuries will probably not be fatal.

### Stranger Shoots Self.

A man, unknown, entered a Clinton hotel, went to an upstairs room and shot himself through the head using a heavy caliber revolver. He can not possibly recover. The man's clothing indicates that he is a commercial traveler.

### Dr. Turner May Recover.

Dr. F. W. Turner of Sapulpa, who was shot five times Thursday night by his business associate, Dr. William Dougherty, is expected to recover from his wounds. The two men have been conducting a drug store and quarreled over business affairs.

## How to Lose Your Tan, Freckles or Wrinkles

A day's motoring, an afternoon on the tennis ground or golf links, a sunbath on the beach or exposure on a sea trip, often brings on a deep tan or vivid crimson, or more perplexing still, a vicious crop of freckles. A very necessary thing then is mercurized wax, which removes tan, redness or freckles quite easily. It literally peels off the affected skin—just a little at a time, so there's no hurt or injury. As the skin comes off in almost invisible flaky particles, no trace of the treatment is shown. Get an ounce of mercurized wax at your druggist's and use this nightly as you would cold cream, washing it off mornings. In a week or so you will have an entirely new skin, beautifully clear, transparent and of a most delicate whiteness.

Wrinkles, as apt to form at this season, may be easily and quickly removed by bathing the face in a solution of powdered exfolite, 1 oz., dissolved in witch hazel, 1/2 pint. This is not only a valuable astringent, but has a beneficial tonic effect also.

## BETTER BABIES CONTEST WILL BE EXCITING

(CONTINUED FROM PAGE ONE)

Scientious mother to see that her baby is registered for the physical examination it will receive. If mother is too busy, it behooves father to go to the chamber of commerce for a registration blank and fill it out. One deluded parent was heard to say recently, "Oh, our baby is all right. I don't believe in too much examination," yet this very child may have a slight cough—"Stomach cough," as the parent nonchalantly explains—due to a bad condition of the bronchial tubes, of the lungs, or the nose, there may be a condition of adenoids, perhaps a slight deafness, but what ever state of health YOUR baby is in and it is brought to the better babies contest at the Cimarron Valley fair you shall have the correct statistics as to its physical standing and benefit accordingly.

## CONGRESSMAN SAYS RAILROADS ARE ROBBERS

**MILLIONS OF DOLLARS EACH  
YEAR ARE TAKEN UNDER  
FALSE PRETENSES**

Los Angeles, Cal., Sept. 10.—In a speech today before the United Association of postoffice clerks, in convention here, Congressman C. H. Randall, of California, once a railway mail clerk, charged that the railroads of the country were defrauding the government in the matter of payment for handling of mails.

"I undertake to say," he said "that the government has been robbed of hundreds of millions of dollars by over charge and downright fraud on the part of the railroads. Yet the country is literally flooded with literature and inspired editorials which attempt to prove that the postoffice department is treating the railways in a signally fashion."

Mr. Randall said the question of railway mail payments would be an important issue at the coming session of congress, and that those interested were conducting a "tremendous campaign to poison the public mind and especially the congressional mind, as to facts about railway mail pay."
